

## Angelsil™

### Topical Anhydrous Base

**Angelsil™** features a proprietary blend of ingredients, including several specific dermatology silicones in a semipermeable network. It is infused with a light avocado extract, which is rich in multifunctional skin-nourishing lipids, potassium, lecithin, oleic acid, and Vitamin E. These synergistic ingredients aim to promote moisture retention, collagen production, and new skin growth, thereby accelerating the healing process. This product is ideal for patients seeking protection and enhanced appearance of scars and various skin conditions, such as acne scars, burns, cuts, keloids, or sunburns. For common scar treatment, it is recommended to apply the product twice daily for 60-90 days once the wound has closed.

SKU	Size	NDC/Reference No.
B0206-40	100 g	72467-0206-40
B0206-50	500 g	72467-0206-50
B0206-60	2.5 kg	72467-0206-60
B0206-65	5 kg	72467-0206-65

#### Benefits:

- ✓ Excellent occlusion properties that protect the skin
- ✓ Light, self-drying gel matrix
- ✓ Suitable for scars and stretch marks
- ✓ Abundant in versatile skin-friendly fatty acids, lipids, and vitamins
- ✓ Non-greasy formula
- ✓ Suitable for all skin types including pediatrics
- ✓ Provides long-lasting moisturization
- ✓ Reduces water loss
- ✓ Provides a shield against harmful organisms
- ✓ Anhydrous (extended BUD per USP <795>)
- ✓ Freeze-thaw stable
- ✓ High-shear stable
- ✓ Viscosity at 25°C: approx. 10,000-50,000 cps
- ✓ Allergy-friendly (free of gluten, dairy, dyes, fragrances, and parabens)

<b>Category</b>	Topical Anhydrous Base (silicone)
<b>Appearance</b>	Light yellow translucent to colorless transparent gel
<b>Description</b>	Angelsil™ features excellent topical occlusion properties that aim to promote a soothing and extended moisturizing environment for dermal applications. It provides a protective barrier preventing dehydration, enriched with natural skin-friendly lipids, potassium, oleic acid, and vitamins. Anhydrous.
<b>Ingredients</b>	Contains proprietary crosspolymers, cyclomethicone, dimethicone, avocado extract, and Vitamin E (antioxidant/preservative).
<b>Allergy</b>	Per the 2004 Food Allergen Labeling and Consumer Protection Act, no allergen declarations are required for this product relating to corn, milk, egg, tree nut, fish, crustacean shellfish, wheat, peanuts, and soybeans. Gluten-free.
<b>Technical Data</b>	Shelf Life: 2 years from date of manufacture when stored in original, unopened container. Viscosity at 25 °C: approx. 10,000-50,000 cps Odor: odorless Recommended wetting agent: light avocado oil. Dimethicone compatible. Diethylene glycol monoethyl ether compatible.
<b>Safety Data</b>	All ingredients classified as “Generally Recognized As Safe” (GRAS) and inactive excipient ingredients by the US FDA. For information on the toxicology and safety of this product, please consult the material safety data sheet (MSDS).
<b>Handling &amp; Storage</b>	Storage Conditions: Product can be stored at ambient conditions for temperature, pressure, and humidity. Product should be kept in a tightly sealed container, under cool and dry conditions.
<b>Comments</b>	This information reflects US requirements for ingredients and allergy declarations. SpecializedRx makes no warranties or claims to the accuracy or completeness of the above information given the variations in use and formulations.
