

Benazepril Hcl

CAS No	86541-74-4	Code	BIOJBEN001
Lot No	5141-24-003	Manufacture Date	Mar.20, 2024
Retest Date	Mar.19, 2028	Quantity	300G

Testing Items	Specifications	Results	
Appearance	White or almost white crystalline powder	Almost white crystalline powder	
Identification	Specific rotation(Calculated on dried basis): -136 \sim -141 $^{\circ}$	-140 °	
	The IR spectrum of the substance corresponds to that of the reference standard	Complies	
	Enantiomeric purity(see tests)	Complies	
	It responds to the test of chloride	Complies	
Loss on drying	≪0.5%	0.1%	
Sulphated ash	≤0.1%	<0.1%	
Impurity A	≤0.1%	Not detected	
	Impurity B: ≤0.5%	<lod< td=""></lod<>	
	Impurity C: ≤0.3%	<lod< td=""></lod<>	
	Impurity D: $\leq 0.2\%$	<lod< td=""></lod<>	
Related	Impurity E: $\leq 0.2\%$	<lod< td=""></lod<>	
substances(HPLC)	Impurity F: $\leq 0.2\%$	<lod< td=""></lod<>	
	Impurity G: ≤0.2%	0.13%	
	Any unspecified impurity: $\leq 0.10\%$	<lod< td=""></lod<>	
	Total impurities: ≤2.0%	0.13%	
Residual solvent(GC)	Ethyl acetate: ≤3000ppm	378ppm	
	Ethanol: ≤3000ppm	114ppm	
Assay(HPLC)	97.5%~102.0%(Calculated on dried basis)	100.4%	
Conclusion	This product conforms to R1-CEP 2010-276-Rev 00 standard		

*Storage condition: Store below 25°C, Protect from moisture and light.
