

HelixGel™

Anhydrous Water-Washable Gel Base

HelixGel™ is a soft opaque, water-washable anhydrous ointment base that is ideal for easy cleaning, moisturizing, and incorporating prescription ingredients. This proprietary formula synergistically blends Meadowsweet Flower Extract (Spiraea Ulmaria) and Yarrow Flower Extract (Achillea Millefolium), known for their astringent, antiseptic, anti-inflammatory, and antispasmodic properties, which can assist in wound healing. This anhydrous base also includes zinc acetate, known for its well-documented benefits in reducing inflammation and its styptic properties. As an added benefit, HelixGel™ is formulated with allantoin, known for regulating inflammation, stimulating fibroblast proliferation, and enhancing extracellular matrix synthesis, ultimately encouraging faster and more effective skin regeneration. This gel readily adheres to the skin, providing an easily water-washable, occlusive, moist environment that promotes optimal wound healing, reduces pain, and promotes collagen production at the application site.

SKU	Size	NDC/Reference No.
B0259-40	100 g	72467-0259-40
B0259-50	500 g	72467-0259-50
B0259-60	2.5 kg	72467-0259-60
B0259-65	5 kg	72467-0259-65
B0259-70	10 kg	72467-0259-70

Highlights:

- ✓ Water-washable
- ✓ Excellent occlusion properties that protect the skin
- ✓ Soft opaque gel
- ✓ Incorporates Meadowsweet, Yarrow, and Allantoin
- ✓ Multiple convenient sizes available for over the counter and compounding
- ✓ Suitable for all skin types for dermatology, pain management, wound care, podiatry, veterinary and pediatrics
- ✓ Anhydrous (extended BUD per USP <795>)
- ✓ Useful for numerous dermatologic formulations
- ✓ Natural extracts manufactured in FDA registered facilities
- √ No artificial colors or preservatives
- ✓ Paraben-free

Category Anhydrous Water-Washable Gel Base Appearance Opaque off-white to light tan occlusive ointment Description HelixGel™ is an anhydrous, soft opaque, water-washable ointment base with excellent topical occlusion properties that provides a nourishing and soothing environment. It is a comforting ointment with potential uses in the following areas: burns, cuts/abrasions, wound healing, skin ulcers, pain management, podiatry, veterinary, pediatrics, and used on its own or where incorporation of a topical active ingredient is appropriate. Ingredients Contains: 1,3-Propanediol, Natural Spiraea Ulmaria Flower Extract, Natural Yarrow Flower Extract, Zinc Acetate, Propylene Glycol, Allantoin. Allergy Per the 2004 Food Allergen Labeling and Consumer Protection Act, no allergen declarations are required for this product as relating to corn, milk, egg, tree nut, fish, crustacean shellfish, wheat, peanuts, and soybeans. Technical Data Shelf Life: 2 years from date of manufacture when stored in its original, unopened container. Odor: slightly characteristic Example Formulas: Contact your SpecializedRx representative. Safety Data All ingredients classified as "Generally Recognized As Safe" (GRAS) and inactive excipient ingredients by the US FDA. For information on the toxicology and safety of this product, please consult the material safety data sheet (MSDS). Handling & Storage Storage Conditions: Product should be stored at room temperature. Product should be kept in a tightly sealed container.
