

Marshmallow

Natural SD Powder Flavor Concentrate (Vegan)

Our specially formulated, free-flowing, water soluble powder flavor is relatively heat tolerant and will easily incorporate into hard lozenge/candy bases, troche bases, rapid dissolve tablets or oral suspensions.

Note API or other ingredients degradation temperatures. High temperatures may reduce flavor intensity profile. Addition of a weak acid and sweetener will strengthen the finished product taste profile. Powder flavors are an excellent medium to disperse other powder ingredients, including actives during the compounding process. Dye-free. Vegan compliant.

SKU	Size	NDC/Reference No.
F0173-40	100 g	72467-0173-40
F0173-50	500 g	72467-0173-50

Category	Natural SD Powder Flavor Concentrate (Vegan)
Appearance	Off white to tan free-flowing powder
Description	Water soluble free-flowing spray-dried powder. Can be incorporated directly into aqueous or water miscible matrix. Relatively temperature tolerant and can be triturated with the API and added to hard candy mixture. Note API or other ingredients degradation temperatures. High temperatures may reduce flavor intensity profile. Addition of a sweetener will strengthen the finished product taste profile.
Ingredients	Acacia, maltodextrin, and natural flavors. All ingredients contained in these products are approved for use in regulation of the FDA or are listed on the FEMA GRAS list. The natural flavors in the various flavors we carry are proprietary. The natural flavors are composed of various plant based aromatic extractives and are approved for use in the regulation of The Food and Drug Administration and are listed on the FEMA GRAS list.
Allergy	Per the 2004 Food Allergen Labeling and Consumer Protection Act, no allergen declarations are required for this product as relating to milk, egg, tree nuts, corn, fish, crustacean shellfish, wheat, peanuts, gluten, and soybeans.
Technical Data	Description: Varies by product. See certificate of analysis. Shelf Life: Best if used before 24 months from date of manufacture when stored in original, unopened container in a cool dry place.
Safety Data	All ingredients classified as "Generally Recognized As Safe" (GRAS) and inactive excipient ingredients by the US FDA.
Handling & Storage	Refer to product label for specific storage conditions. Store in a tightly closed container away from heat and direct sunlight. Product can be stored at ambient conditions for temperature and humidity. Product should be kept in a tightly sealed container, under dry conditions.
Comments	Contact a SpecializedRx representative for use guidance. MSDS available upon request.
