

Selenium Sulfide

Batch no YG241110
Mf date Nov 10 2024
Retest Nov 09 2029

Molecular Formula SeS_2
Molecular Weight 143.09
CAS Registry Number 7488-56-4

Nov 20 2024

Formula	Concentration
Selenium	52.21%
Oxygen	5.38%
Sodium	1.91%
Magnesium	0.512%
Silicon	0.025%
Sulphur	38.9%
Iron	0.016%
Copper	0.0173%
Mercury	0.028%

Application:

It holds property of antifungal and resisting seborrhea, which could cure tinea versicolor, seborrhea of head, scurf and multicolor pityriasis. raw material for antidandruff shampoo and skin care cream. The density in cosmetic is 20% max. Preparation is suspending agent.

Storage:

Stocked in shady, cool and ventilated warehouse, prevent shining under sun. Away from fire, heat source. Sealed package. it would away from oxide, food chemical, ban mixed storage. There should collecting container in case of leak.
